EXPERIENCE

IMAEK LIMITED

COLUMBUS, OHIO

2012-Present

3D Artist

- Created 3D content for 'CubeZ', 'Plexus', 'Voxy Bird', '_subterfuge', and 'This is Water'; characters, weapons, 2D content, textures, environments, particle effects, and UI elements.

Technical Artist

- Designed, created, and set-up characters with animations for games and prototypes.
- Implemented game-ready characters into Unity and Unreal.

VR Developer

- Developed 'VR Present' in Unity 5 for Gear VR, created a networked meeting and presentation app using PlayMaker and Photon Networking
- Built Mars Biodome experience in UE4 for Gear VR, a lite Mars fantasy exploration app.

Non- Gaming Projects

- 'Virtual Chemistry Classroom' STEM app - Modeled, textured, and shaded and lit a virtual chemistry classroom, built in Unity 5 for a client.
- 'Bicycle Cafe' - Project Omni - Designed and assembled art assets in a virtual retail visualization app that allows users to layout and manage a retail space.

2016
